■ For the past thirty years, we've been working with customers just like you, printing complicated pieces from annual reports to training manuals to catalogs — all with a focused attention that beats anything you'd get from the minimum-wage staff down at the local copy shop.

■ You'll see a difference the moment you meet us. Our staff is caring, experienced, detailed and friendly. We'll carefully review your artwork and files. We'll dig up that hard-to-find paper and recommend the

printing processes that will make your piece stand out. And we'll perform quality checks at pre-press, on-press, and while the work is in the bindery — with still another inspection before we ship.

When you're printing something that really matters, an experienced printer isn't just handy. It's essential. At Giant Horse Printing, we're experts in:

- **MANUALS**
- **BOOKLETS**
- **PAMPHLETS**
- **NEWSLETTERS**

■ And we can handle any size run, from one to 50,000, from one-color to full-color, bound in more ways than you can possibly imagine — meeting the tightest deadlines and exceeding the highest expectations.

■ We're more than printers. We're a turnkey solution to any printing project you have. We've built relationships with a full line of specialist printers. If your project needs special handling, you don't have to run from vendor to vendor. Bring it to Giant Horse Printing. And relax. And don't worry if you need more than printing. We offer a full network of services:

- **TRANSLATION**
- **FULLFILLMENT**
- **DESIGN**
- **LAYOUT**
